SOUTH AFRICAN DESIGN

More about our custom bedding

Hartsgoed bedding started off in 2010 with two duvet covers for my first exhibition at Upington Landbou Expo. Since then, I have made hundreds of custom duvet sets and cot sets for clients all over South Africa, Namibia, Australia, New Zealand and England.

I have a passion for working with beautiful fabrics, creating beautiful bedding and accessories and helping clients to create the room they always dreamed of. I love to follow my heart by creating my own unique style.

My biggest compliment is clients reordering after 8 years saying that their Hartsgoed bedding was the best quality and they can't imagine ordering anywhere else.

Please send me your theme and colour scheme for your nursery or children's room and let me help you to design your own unique duvet cover with added scatters. All bedding are handmade on our farm in the karoo using only the finest quality 100% cotton.

To start planning your own custom bedding

Please visit our website at www.hartsgoed.co.za for examples of nursery sets and three-quarter duvet's as well as all the added extra's that we previously made. You can use the product description used on the website as a reference to what you would like.

To start with, you need to send me the following to hartsgoed@gmail.com:

1. The products you would like to order
2. The colour scheme of your choice
3. The theme for the special room you're planning
4. One of our design options for the outlay of your duvet
5. Delivery address to calculate courier fees

I will then send you pictures of the fabric available in your colour scheme together with a detailed quotation and mood board for your beautiful room.
